Futuristic Operation

BEFORE YOU LOOK

1. What kind of advanced technologies do you envision in a "futuristic operation"?
2. How do you think a futuristic operation will be different from today?
3. What potential challenges or breakthroughs do you think are involved in such an operation?

This image showcases a state-of-the-art operating room where a surgeon, using augmented reality glasses, conducts a delicate surgery. The room is equipped with advanced technology, displaying vital signs and medical imaging holographically around the patient.
