Seeds of Renewal

BEFORE YOU LOOK

1. What images or symbols do you associate with the idea of renewal and new beginnings?
2. How might the image depict the growth and transformation that comes from planting seeds?
3. What personal or collective changes do you think are sparked by the concept of renewal?

This image captures a critical moment of ecological restoration, where drones fly over a stark, deforested landscape, systematically dropping seed pods. The technology-driven reforestation effort is coordinated by a control team from a mobile command center, equipped with advanced monitoring systems.
