# Question Formulation Technique

Based on the **Question Formulation Technique** by the Right Question Institute. Adapted for classroom use.

NAME _____ UNIT / TOPIC _____ DATE _____

QUESTION FOCUS (QFOCUS): _____

## 1 Generate

*Write every question the QFocus sparks. No stopping. No judging. No answering.*

**Ask questions only** | **No stopping or judging** | **Write exactly as stated** | **Change statements to questions**

## 2 Categorise

*Go back through your questions. Mark each one:*

O = OPEN | S = SURFACE (CLOSED)

*Then choose your best surface question and turn it into an open one below.*

## 3 Prioritise

*Choose your three most important questions, then pick your single most important one.*

| TOP THREE QUESTIONS | MY MOST IMPORTANT QUESTION |
|---|---|

## 4 Share

*Share your priority question with a partner or the class. Note anything that surprises you.*

## 5 Reflect

*What do you notice about the questions you generated? What does this tell you about your thinking?*
